

Limited Use Label License No. 19: Gateway® Cloning Products

This product contains Gateway® technology (“Gateway® Technology”) that is the subject of one or more issued and/or pending U.S. and foreign patents and patent applications owned by Life Technologies Corporation (formerly Invitrogen Corporation). The purchase of this product conveys to the buyer the non-transferable right to use the purchased amount of the product and components of the product in research conducted by the buyer (whether the buyer is an academic or for profit entity). The purchase of this product does not convey a license under any method claims in patents or patent applications covering Gateway® Technology, or to use this product with any recombination sites other than those purchased from Life Technologies Corporation or its authorized distributor under the Invitrogen brand. The right to use methods claimed in patents or patent applications covering Gateway® Technology with this product for research purposes only can only be acquired by the use of Clonase™ purchased from Life Technologies Corporation or its authorized distributors under the Invitrogen brand. The buyer cannot modify the recombination sequence(s) contained in this product for any purpose. The buyer cannot sell or otherwise transfer (a) this product, (b) its components, or (c) materials made by the employment of this product or its components to a third party or otherwise use this product or its components or materials made by the employment of this product or its components for Commercial Purposes. The buyer may transfer information or materials made through the employment of this product to a scientific collaborator, provided that such transfer is not for any Commercial Purpose, and that such collaborator agrees in writing (a) not to transfer such materials to any third party, and (b) to use such transferred materials and/or information solely for research and not for Commercial Purposes. Notwithstanding the preceding, any buyer who is employed in an academic or government institution may transfer materials made with this product to a third party who has a license to Gateway® Technology from Life Technologies (or Invitrogen) to distribute such materials. Transfer of such materials and/or information to collaborators does not convey rights to practice any methods claimed in patents or patent applications covering Gateway® Technology. Commercial Purposes means any activity by a party for consideration and may include, but is not limited to: (1) use of the product or its components in manufacturing; (2) use of the product or its components to provide a service, information, or data; (3) use of the product or its components for therapeutic, diagnostic or prophylactic purposes; or (4) redistribution of the product or its components, whether or not such product or its components are redistributed for use in research. Life Technologies Corporation will not assert a claim against the buyer of infringement of patents covering Gateway® Technology based upon the manufacture, use or distribution of a therapeutic, clinical diagnostic, vaccine or prophylactic product developed in research by the buyer in which this product or its components was employed, provided that none of (i) this product, (ii) any of its components, or (iii) a method claim of patents covering Gateway® Technology, was used in the manufacture of such product. Life Technologies Corporation will not assert a claim against the buyer of
